

Shorewood Pool News - 2018

1. **SWIM/DIVE LESSON INFO:** Swim/Dive lesson class rosters will be posted at the pool on opening day. **If you do not receive your first choice of class, you will be contacted by email, before May 20.**
2. **Please check out our website at: www.shorewoodpool.com.** It provides useful information on everything related to the pool. **PLEASE consider using the website to sign-up for regular e-mail notices from the pool management.** We use the email notifications to remind members of schedule changes, special events, and other fun opportunities.
3. We have continued the **“Family Swim” period on Friday evenings, beginning June 15th**. Each Friday evening, at 4:00 PM, the pool will be converted to a short course set-up, allowing for a large area of the shallow end to be used by families. Lap swimming will be preserved in the short course format.
4. **Float Night** – We will have a “Float Night” on Sunday 7/8. The pool will be converted to a short course format at 6pm, allowing for a large area of the shallow end to be used for the floats. We will provide a number of floats for your relaxation, however you may also bring your own (please be sure that they are clean and have never been in the lake – they must also be sized for no more than one person).
5. **Membership Parties-** We will be having **“Membership Parties” on Sunday 6/17 and Sunday 8/19**. We offer these events as a thank you to our wonderful members and a chance to kick back and enjoy some poolside music, food, and fun with family and friends. Like our “Float Night” the pool will be converted to a short course format at 6pm, allowing for a large area of the shallow end to be used for the floats.
6. **“Activity Night” – Sunday’s from 4-7pm** - We are excited to be introducing “Activity Nights” at which members can enjoy our “wibit” inflatable obstacle course and log rolling! We will still have space for “open swim” as well as lap lanes available for adults, but portions of the pool will be dedicated to our new activities.
7. **August Water Polo** – We will continue to offer our free “drop in” youth water polo classes in August. Details on session days/times will be emailed out prior to August.

***NOTE:** For the evening swim meet on June 27th, the pool will close from 2:00-4:00pm for meet setup and warm-ups. Starting at 4:00pm we will reopen a few short course lap lanes for adult lap swim. Note that the swim meet will be running during this time which means the pool will be crowded and parking will be difficult. There will be no open swim during the meet.

NOTE: Home swim meets generally end around 12:00 – 12:30 PM, however this time may be later depending on the size of the meet.

NOTE: The East (deep) end of the pool will re-open following the completion of the dive meets. This is typically around 7:30 PM, and is also subject to change depending on the size of the meet.
