

Hello, Shorewood Hills Pool members! This is a reminder that 2nd session swim/dive lesson registration will begin Sunday June 28th at 10:30am CT. You'll open a SignUpGenius form <https://www.signupgenius.com/go/10C0B44AFA62DAAFBCF8-64644021-2ndsession>

Use the code **SWS2**

### **2nd Session Lessons dates**

July 6th-23rd Mon-Thursday

### **Complete these steps separately for each participant you'd like to register.**

**Step #1:** Select the time and level you want for the child you're registering.

**Step #2:** Enter the parent or guardian's first name, last name, email and phone number, in the first four boxes.

**Step #3:** Enter your child's name and age under the last two boxes titled "Name of youth participant" and "Age of Participant." **(Do not enter a parent or guardian's name in the youth participant boxes.)**

**Step #4:** Click "Sign Up Now" to complete the registration.

**If you are registering multiple children, fill out the form again by clicking back to sign up.**

### **Swim Lesson Registration Rules**

- Participants must be able to attend a minimum of 7 of the 12 lesson days in order to register.
- Participants **cannot sign up for both dive and swim lessons.**
- Dive team participants cannot take dive lessons.
- Participants **cannot be signed up for multiple lessons**, whether that's the same level at different times or different levels at the same time.
- If your child is registered for 4 Corners swim lessons through the village, do not complete this registration.

### **Swim & dive lesson prerequisites and class descriptions**

Instructors will adjust students accordingly. When in doubt, please select a lower level. It is our desire to have the option of moving participants "up" in a lesson level, rather than having to adjust them "down".

**Please refrain from calling Village Hall or the Pool with questions and instead email [poolmanager@shorewoodhillswi.gov](mailto:poolmanager@shorewoodhillswi.gov) and I will reach out to you.**

SignUpGenius will send you an email confirmation after your registration.

**After registration begins, we will adjust class sizes once we evaluate numbers and remove duplicate registrations.**

If the class you'd like to register for is full, more spots may become available in that class after registration starts.

Signup will close Wednesday 7/1 at 11:59pm
